

## Keith Fava

Keith Fava is the Engineering Group Manager of the Advanced Development Group at K2M. In this role, Keith leads a group of engineers and designers at the front end of innovation for K2M.

Prior to joining K2M in February 2016, Keith spent 12 years in the Aerospace Industry, working in CAD Design, Mechanical Engineering, and Supply Chain Management with increasing roles of responsibility. In these roles, Keith was involved in the design of satellites, rockets, and associated ground support equipment, providing him with a unique perspective to his new role at K2M.

Keith holds a Bachelor of Science degree in Mechanical Engineering from the University of Maryland, College Park, as well as a Master of Science degree in Engineering Management from the Catholic University of America.
