

# Onosi Ifesemen

Onosi Ifesemen graduated with a Bachelor's Degree in Medicine and Surgery from the University of Benin in 2004. She went on to obtain a Master's Degree in International Public Health at the University of Nottingham. She currently works as a research fellow at the Arthritis Research UK centre for Sports, Exercise and Osteoarthritis, University of Nottingham.

Onosi has expertise in advanced statistical analysis, big data epidemiology and systematic reviewing. Her current research involves estimating the prevalence of Osteoarthritis in small geographical areas in England through spatial microsimulation methodologies.
